# WHOLESALE CATALOGUE

—OF THE—

# GREEN VALLEY NURSERIES,

—FOR THE—

FALL OF 1874 AND SPRING OF 1875.

Montville, Geauga Co., Ohio.

CHARDON, OHIO:
REPUBLICAN PRINT.
1874.

## To Our Friends and Patrons.

In presenting our Annual Trade List for the coming season, we again tender thanks for the liberal patronage bestowed, and invite a continuance of the same, and a trial by those with whom we have not yet dealt, feeling assured that the quality of our stock and prices will induce you to buy again.

Our Stock is raised with good cultivation, with little or no manure, thereby producing hardier and better stock than the spongy growth produced by high manuring.

We do not hesitate to say that, in the Evergreen trade, we are not excelled, either in quality or variety of stock, prices or packing. Our soil, being clay loam, produces better rooted trees than light soils.—This is more especially the case with Evergreens.

We call attention to our offer of Magnolia Acuminata one year old, of which we have a large and fine stock. Also of Sweet Chestnut, Horse Chestnut and Berberry Seedlings.

Our packing is not excelled by any. Having plenty of moss near at hand, we use it liberally. No charge for packing, except for the box.

Goods delivered free at R. R. Station, where our risk ceases.

Claims for mistakes must be made at once.

Terms, cash, or satisfactory note or reference.

Price List of Evergreen Seedlings issued about January 1st.
